About

Media professional graduating from University of Oregon Full Stack Coding Bootcamp in October, 2020. Adept at working with diverse groups of people on tight deadlines daily. Ability to make decisions quickly, adapt to change and communicate clearly.

Experience

KOIN TV, Portland, Oregon: 1996- Present

Ignite Director

Work closely with Newsroom, Promotion, and Engineering staff to translate elements of production into codes read by the Grass Valley Ignite system, then execute these codes in a control room environment during live televised newscasts. Organize, manage and deliver complicated remote coverage of special events including elections and debates, telethons, sports, and community events like the Waterfront Blues Festival Fireworks Show. Stay updated with technology and production elements to stay competitive.

Newscast Director/ Technical Director

Incorporate vision of newsroom into clear, concise communication of video and audio cues to crew during live broadcasts and special events like the Grand Floral Parade. Some writing of daily promotions.

News Production Manager

Interviewing, hiring, and training of new employees. Budgeting for staff increases and employee salaries. Creating and delivering performance reviews, supervising personnel issues. Making daily schedules for News Production crew, including approval of overtime and vacations while making sure staffing needs are met.

Education

Trilogy Full Stack Coding Bootcamp, University of Oregon - *Certificate*

BS Telecommunications and Film, University of Oregon - *Degree*
